***Allowable Subject Matter***

Claims 1-5, 7, and 9-32 are allowed.

The following is an examiner's statement of reasons for allowance:

The independent claim 1 recites "at least one mass flow device adapted to be connected to a gas supply, said mass flow device being connected to the air stream and adapted to control flow of gas to the air stream at an actual gas flow rate, wherein the gas enters the air stream to simulate the exhaust gas flow into the system". This feature in combination with the remaining claimed structure avoids the prior art of record.

Reason for allowance of the remaining claims is indicated in the office action dated 10-20-2004.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Stephen J. Cherry whose telephone number is (571) 272-2272. The examiner can normally be reached on M-F 8:00-4:30.
